2026 ANNUAL MEETING OF STOCKHOLDERS

PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

The accompanying proxy is solicited on behalf of the Board of Directors (the “Board” or “Board of Directors”) of LGI Homes, Inc. (“LGI”, the “Company” or “we”) for use at the Company’s 2026 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the Company’s headquarters located at **1450 Lake Robbins Drive, The Woodlands, Texas 77380, in Suite 140** on April 23, 2026, at 3:00 p.m. (Central Time), and any adjournment thereof.

On or about March 13, 2026, we will mail to our stockholders of record and beneficial owners a Notice of Internet Availability of Proxy Materials (the “Notice of Internet Availability”) containing instructions on how to access this proxy statement (this “Proxy Statement”) and our Annual Report on Form 10-K for the fiscal year ended December 31, 2025 (our “2025 Annual Report”), and how to vote online, via the Internet. The Notice of Internet Availability will also contain instructions on how you can receive a paper copy of the proxy materials. Our 2025 Annual Report, Notice of Internet Availability and the proxy card are first being made available online on or about March 13, 2026.

QUESTIONS AND ANSWERS ABOUT THE MEETING AND VOTING

What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will act upon the proposals described in this Proxy Statement.

What proposals are scheduled to be voted on at the Annual Meeting?

Stockholders will be asked to vote on the following proposals:

- Proposal 1:** To elect Ryan Edone, Eric Lipar, Shailee Parikh, Bryan Sansbury, Maria Sharpe, Steven Smith, and Robert Vahradian to the Board until our next annual meeting of stockholders, until such director’s successor is elected or appointed and qualified, or until such director’s earlier death, resignation or removal;
- Proposal 2:** To ratify the appointment of Ernst & Young LLP (“Ernst & Young”) as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2026;
- Proposal 3:** To conduct an advisory vote to approve the compensation paid to our named executive officers (“NEOs”) for 2025, as disclosed in this Proxy Statement (such vote, a “Say-on-Pay vote”); and

To transact such other business as may properly come before the Annual Meeting, or any adjournment thereof.

We are not aware of any other business to be brought before the Annual Meeting. If any additional business is properly brought before the Annual Meeting, proxies will be voted on those matters in accordance with the judgment of the person or persons acting under the proxies.

What is the recommendation of the Board on each of the proposals scheduled to be voted on at the Annual Meeting?

The Board recommends that you vote:

- **FOR** the election of each of the nominees for director named in Proposal 1;
- **FOR** the ratification of the appointment of Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2026 in Proposal 2; and
- **FOR** the approval, on an advisory basis, of the compensation paid to the NEOs for 2025 in Proposal 3.

Voting of Proxies

When you vote by proxy, you authorize our officers listed on the proxy card to vote your shares of our common stock on your behalf as you direct. In the absence of such direction, your shares will be voted:

- **FOR** the election of each of the nominees for director named in Proposal 1;
- **FOR** the ratification of the appointment of Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2026 in Proposal 2; and
- **FOR** the approval, on an advisory basis, of the compensation paid to the NEOs for 2025 in Proposal 3.

Voting and Ownership of Shares

At the close of business on the record date, February 27, 2026, the Company had 23,133,086 shares of common stock outstanding and entitled to vote. Each share of our common stock is entitled to one vote on each matter brought before the Annual Meeting. The following votes are required to approve each of the proposals at the meeting.

- **Election of Directors.** Proposal 1 regarding the election of directors requires the approval of a plurality of the votes cast. This means that the seven nominees receiving the highest number of affirmative FOR votes will be elected as directors.
- **Ratification of Appointment of Independent Registered Public Accounting Firm.** Generally, the Company's Bylaws (our "Bylaws") provide that approval of any matter presented to our stockholders at a meeting of our stockholders be decided by the vote of the holders of our stock having a majority of the votes which could be cast by the holders of all stock entitled to vote on such question which are present in person or by proxy at the meeting. Proposal 2 regarding the ratification of the appointment of Ernst & Young as the Company's independent registered public accounting firm requires the approval of a majority of the shares of our common stock entitled to vote on the matter which are present in person or by proxy at the Annual Meeting.
- **Advisory Vote on the Compensation Paid to the NEOs.** Approval of the compensation of the NEOs, as described in Proposal 3, requires the approval of a majority of the shares of our common stock entitled to vote on the matter which are present in person or by proxy at the Annual Meeting. This vote, however, is merely advisory and is not binding on the Company, the Board or its Compensation Committee. Despite the fact that the vote is non-binding, the Board and the Compensation Committee will take the results of the vote under advisement when making future decisions regarding the Company's executive compensation program.

Who can vote at the Annual Meeting?

Stockholders as of the close of business on the record date for the Annual Meeting (February 27, 2026) are entitled to vote at the Annual Meeting. At the close of business on the record date, there were outstanding and entitled to vote 23,133,086 shares of our common stock.

Stockholder of Record: Shares Registered in Your Name

If at the close of business on February 27, 2026, your shares of our common stock were registered directly in your name with our transfer agent, Computershare Investor Services, then you are considered the stockholder of record with respect to those shares.

As a stockholder of record, you may vote at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote over the Internet or by telephone, or if you request paper proxy materials, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee

If at the close of business on February 27, 2026, your shares of our common stock were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares of our common stock held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares of our common stock held in your account, and your nominee has enclosed or provided voting instructions for you to use in directing it on how to vote your shares of our common stock. However, the organization that holds your shares of our common stock is considered the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record, you may not vote your shares of our common stock at the Annual Meeting unless you request and obtain a valid proxy from the organization that is the record stockholder of your shares of our common stock giving you the right to vote the shares of our common stock at the Annual Meeting.

How do I vote?

If you are a stockholder of record, you may:

- vote in person—we will provide a ballot to stockholders who attend the Annual Meeting and wish to vote in person;
- vote by mail—if you request a paper proxy card, simply complete, sign and date the proxy card, then follow the instructions on the proxy card; or
- vote via the Internet or via telephone—follow the instructions on the Notice of Internet Availability or proxy card and have the Notice of Internet Availability or proxy card available when you access the internet website or place your telephone call.

Votes submitted via the Internet or by telephone must be received by 5:00 p.m., Central Time, on April 22, 2026. Submitting your proxy, whether via the Internet, by telephone or by mail if you requested a paper proxy card, will not affect your right to vote at the Annual Meeting if you were a stockholder of record as of the close of business on February 27, 2026, and should you decide to attend the Annual Meeting and vote your shares of our common stock at the Annual Meeting.

If you are not a stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares of our common stock.

Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted. You may still attend the Annual Meeting if you have already voted by proxy.

How do I revoke my proxy?

A stockholder giving a proxy has the power to revoke it at any time before it is voted by providing written notice to the Secretary of the Company, by delivering a later-dated proxy, or by voting in person at the Annual Meeting.

What is the quorum requirement for the Annual Meeting?

A majority of the outstanding shares of our common stock as of the record date must be present at the Annual Meeting in order to hold the Annual Meeting and conduct business. This presence is called a quorum. Your shares of our common stock are counted as present at the Annual Meeting if you are present and vote in person at the Annual Meeting or if you have properly submitted a proxy.

How is the withholding of authority to vote for a director nominee treated?

Withholding of authority to vote for a director nominee has no effect on the election of directors (Proposal 1).

How are abstentions and broker non-votes treated?

Abstentions (shares of our common stock present at the Annual Meeting and voted “abstain”) are counted for purposes of determining whether a quorum is present at the Annual Meeting. Abstentions will be counted toward the tabulation of the shares of our common stock entitled to vote on the matter and thus will have the same effect as a negative vote on the ratification of appointment of auditors (Proposal 2) and the approval of the compensation paid to the NEOs for 2025 (Proposal 3).

Broker non-votes occur when shares of our common stock held by a broker for a beneficial owner are not voted either because (i) the broker did not receive voting instructions from the beneficial owner, or (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present, and have no effect on the election of directors (Proposal 1), the ratification of appointment of auditors (Proposal 2), and the approval of the compensation paid to the NEOs for 2025 (Proposal 3). Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares of our common stock will not be authorized to vote on the election of directors (Proposal 1) or on the approval of the compensation paid to the NEOs for 2025 (Proposal 3). Ratification of the appointment of auditors (Proposal 2) is considered to be a routine matter and, accordingly, if you do not instruct your broker, bank or other nominee on how to vote the shares of our common stock in your account for Proposal 2, brokers will be permitted to exercise their discretionary authority to vote for the ratification of the appointment of auditors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

What if I return a proxy card but do not make specific choices?

All proxies will be voted in accordance with the instructions specified on the proxy card. If you sign a physical proxy card and return it without instructions as to how your shares of our common stock should be voted on a particular proposal at the Annual Meeting, your shares of our common stock will be voted in accordance with the recommendations of our Board of Directors stated above.

If you do not vote and you hold your shares of our common stock in street name, and your broker does not have discretionary power to vote your shares of our common stock, your shares may constitute “broker non-votes” (as described above). Shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the Annual Meeting. Voting results will be tabulated and certified by the inspector of elections appointed for the Annual Meeting.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the Securities and Exchange Commission (“SEC”), the Company uses the Internet as the primary means of furnishing proxy materials to stockholders of record as of the record date for the Annual Meeting. Accordingly, on or about March 13, 2026, the Company will mail a Notice of Internet Availability to the Company’s stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice of Internet Availability or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice of Internet Availability and www.proxyvote.com. The Notice of Internet Availability also contains instructions on how to receive, free of charge, paper copies of the proxy materials. If you received the notice, then you will not receive a paper copy of the proxy materials unless you request one. The Company encourages

stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce cost to the Company associated with the physical printing and mailing of proxy materials.

How can I get electronic access to the proxy materials?

The Notice of Internet Availability will provide you with instructions regarding how to use the Internet to:

- View the Company’s proxy materials for the Annual Meeting; and
- Instruct the Company to send future proxy materials to you by email.

The Company’s proxy materials are also available at <http://www.investor.lgihomes.com>. This website address is included for reference only. The information contained on the Company’s website is not incorporated by reference into this Proxy Statement.

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who is paying for this proxy solicitation?

The Company is paying the costs of the solicitation of proxies. Proxies may be solicited on behalf of the Company by our directors, officers, employees or agents in person or by telephone, facsimile or other electronic means. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries, upon request, for their reasonable expenses incurred in sending proxies and proxy materials to beneficial owners of our common stock. We have not retained an outside proxy solicitation firm to assist us with the solicitation of proxies.

PROPOSAL 1—ELECTION OF DIRECTORS

Our Board of Directors currently consists of seven members. Our Certificate of Incorporation provides that the authorized number of directors may be changed only by resolution of the Board.

Each nominee presented below, if elected, will serve as a director until the next annual meeting of stockholders and until such director’s successor is duly elected or appointed and qualified or, if earlier, such director’s death, resignation or removal. All of the nominees listed below have given their consent to be named as nominees for election and have indicated their intention to serve if they are elected. All of the nominees currently serve on the Board. The Board does not anticipate that any of the nominees will be unable to serve as a director, but in the event that any nominee is unable to serve as a director or should otherwise become unavailable, the Board may either propose an alternate nominee, in which case the proxies will be voted for the alternative nominee unless directed to withhold from voting, or the Board may elect to reduce the size of the Board.

Required Vote

The proposal regarding the election of directors requires the approval of a plurality of the votes cast at the Annual Meeting. This means that the seven nominees receiving the highest number of affirmative FOR votes will be elected as directors. Withholding of authority to vote for a director nominee has no effect on the election of directors.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE
FOR THE ELECTION OF EACH OF THE NOMINATED DIRECTORS.**

PROPOSAL 2—RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young was the Company's independent registered public accounting firm for the fiscal year ended December 31, 2025. At the Annual Meeting, our stockholders will be asked to ratify the appointment of Ernst & Young as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2026, or until such firm's earlier resignation or removal. While stockholder ratification of the appointment of the Company's independent registered public accounting firm is not required, we value the opinions of our stockholders and believe that stockholder ratification of our appointment is a good corporate governance practice. If our stockholders fail to ratify the appointment, our Audit Committee may reconsider, but may decide to maintain, its appointment of Ernst & Young. Even if the appointment of Ernst & Young is ratified, our Audit Committee retains the discretion to select and appoint a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of the Company.

We have been advised that a representative of Ernst & Young will be present at the Annual Meeting to answer appropriate questions and will have an opportunity to make a statement, if desired.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services

It is our Audit Committee's policy to pre-approve all audit, audit related and permissible non-audit services rendered to us by our independent registered public accounting firm. Consistent with such policy, all of the fees listed above that we incurred for services rendered by Ernst & Young were pre-approved by our Audit Committee.

The report of Ernst & Young relating to our 2025 and 2024 consolidated financial statements did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope or accounting principles. Moreover, during the fiscal years ended December 31, 2025 and 2024, there were no (i) disagreements with Ernst & Young on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Ernst & Young, would have caused either Ernst & Young to make reference to the subject matter of the disagreement(s) in connection with their reports on the consolidated financial statements of LGI Homes, Inc. or (ii) reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

Report of the Audit Committee

The Audit Committee meets the definition of an audit committee as set forth in the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and operates under a written charter adopted by the Board. Each member of the Audit Committee is independent and financially literate in the judgment of the Board and as required by the Sarbanes-Oxley Act and applicable SEC and NASDAQ rules. The Board has also

determined that Mr. Edone and Ms. Parikh qualify as “audit committee financial experts,” as defined under SEC regulations.

Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for the appointment, compensation, and oversight of the Company’s independent registered public accounting firm. Ernst & Young, the Company’s independent registered public accounting firm, is responsible for performing an independent audit of the Company’s consolidated financial statements and internal controls in accordance with standards of the Public Company Accounting Oversight Board (the “PCAOB”) and for issuing reports thereon.

The Audit Committee has reviewed and discussed with management the Company’s audited consolidated financial statements for the fiscal year ended December 31, 2025. Further, the Audit Committee has discussed with Ernst & Young the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, including the Company’s audited consolidated financial statements for the fiscal year ended December 31, 2025, the Company’s independent registered public accounting firm’s responsibility under generally accepted auditing standards, significant accounting policies, management’s judgments and accounting estimates, any audit adjustments, related party transactions and other unusual transactions, other information in documents containing audited financial statements and other matters.

Finally, the Audit Committee has received and reviewed the written disclosures and the letter from Ernst & Young by the applicable requirements of the PCAOB regarding Ernst & Young’s communications with the Audit Committee concerning independence, and has discussed the topic of independence with Ernst & Young.

Based on its review and discussion described above, the Audit Committee has recommended to the Board that the audited consolidated financial statements for the fiscal year ended December 31, 2025 be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2025 for filing with the SEC.

The foregoing report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any filing of the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Required Vote

The affirmative vote of a majority of shares of our common stock entitled to vote on the matter which are present in person or by proxy at the Annual Meeting is required to ratify the appointment of Ernst & Young as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2026. Abstentions will be counted toward the tabulation of the shares of our common stock entitled to vote on the matter and thus will have the same effect as a negative vote on the ratification of the appointment of Ernst & Young.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2026.

PROPOSAL 3—ADVISORY VOTE ON THE COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS (SAY-ON-PAY VOTE)

LGI seeks a non-binding advisory vote from its stockholders to approve the compensation paid to our NEOs for 2025, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. This vote is commonly referred to as the “Say-on-Pay” vote. In accordance with the requirements of the SEC, we are providing our stockholders with an opportunity to express their views on the compensation paid to our NEOs.

The Company’s core compensation philosophy is to utilize a mixture of base salary and annual and longer-term incentives to align executive compensation with our stockholders’ interests and our annual and long-term performance. This includes linking executives’ pay to their performance and the Company’s overall annual and long-term performance.

Our Board and the Compensation Committee are dedicated to ensuring that our executive compensation programs reflect best practices in numerous ways, including by making a portion of compensation performance-based to maximize both short- and long-term stockholder value. The Board believes the Company’s compensation programs are well tailored to align executive officers’ interest with those of our stockholders, retain executive talent, and reward performance. We encourage our stockholders to read the “Compensation Discussion and Analysis” section in this Proxy Statement, which describes (i) the processes our Compensation Committee used to determine the structure and amounts of the compensation of our NEOs for 2025 and (ii) how our executive compensation philosophy, policies, and procedures operate and are designed to achieve our compensation objectives. The Compensation Committee and the Board believe that our executive compensation strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing our NEOs to dedicate themselves to value creation for our stockholders.

In accordance with Section 14A of the Exchange Act and the related rules of the SEC, we are asking our stockholders to approve the following resolution regarding the compensation of our NEOs:

RESOLVED, that the stockholders of LGI Homes, Inc. (the “Company”) hereby approve, on an advisory basis, the compensation paid to the Company’s named executive officers, as disclosed in the proxy statement for the Company’s 2026 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

Although this advisory vote is non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our NEOs’ compensation and related executive compensation programs.

At our 2024 annual meeting of stockholders, we conducted a non-binding advisory vote on the frequency of future stockholder advisory votes on executive compensation. In light of the results of such advisory vote, our Board of Directors determined that we will hold a non-binding advisory vote on executive compensation every year until we next hold a non-binding advisory vote on the frequency of future stockholder advisory votes on executive compensation at our 2030 annual meeting of stockholders as required under SEC rules. We expect to hold the next advisory vote on executive compensation at our 2027 annual meeting of stockholders.

Required Vote

The affirmative vote of a majority of shares of our common stock entitled to vote on the matter which are present in person or by proxy at the Annual Meeting is required to approve the compensation of our NEOs for 2025, as described in this Proposal 3. Abstentions will be counted toward the tabulation of the shares of our common stock entitled to vote on the matter and thus will have the same effect as a negative vote on the approval of the compensation paid to the NEOs for 2025.

**THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL, ON AN ADVISORY BASIS, OF THE
COMPENSATION PAID TO OUR NEOs FOR 2025.**

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE MATTERS AND DIRECTOR INDEPENDENCE

Corporate Governance Guidelines

The Board has adopted the LGI Homes, Inc.'s Corporate Governance Guidelines, which describe the Board's view on a number of governance topics. The Corporate Governance Guidelines, along with the charters of the Board committees and the Company's Code of Business Conduct and Ethics, provide the framework for the corporate governance of the Company. The significant corporate governance initiatives adopted by the Board are discussed below. Our Corporate Governance Guidelines can be found under the "Investor Relations" and "Corporate Governance" links on our website at www.lgihomes.com.

Composition of the Board

Our Board currently consists of seven members. Our Certificate of Incorporation provides that the authorized number of directors may be changed only by resolution of the Board. Our directors hold office until their successors have been elected or appointed and qualified, or the earlier of their death, resignation or removal. Vacancies on the Board are filled solely by the affirmative vote of a majority of the remaining directors then in office, and not by our stockholders. Each of our directors is elected annually.

Our Nominating and Corporate Governance Committee oversees the annual assessment of the composition of our Board, including a review of the size of the Board, the skills and qualifications represented on the Board, and a self-assessment of the effectiveness of our Board and its committees and identification of any opportunities for improvement. The findings of the annual review of the Board and its committees are reported to and discussed with the full Board.

Selection and Evaluation of Director Candidates

The Nominating and Corporate Governance Committee is responsible for searching for qualified director candidates for election to the Board and filling vacancies on the Board. To facilitate the search process, the Nominating and Corporate Governance Committee may solicit current directors and executive officers of the Company for the names of potentially qualified candidates or ask directors and executive officers to pursue their own business contacts for the names of potentially qualified candidates. The Nominating and Corporate Governance Committee may also consult with outside advisors or retain search firms to assist in the search for qualified candidates, or consider director candidates recommended by our stockholders. Consistent with prior searches, the Nominating and Corporate Governance Committee will endeavor to identify a diverse slate of potential candidates, including diversity in skills, experience, age, tenure, race, ethnicity and gender, among other factors. Once potential candidates are identified, the Nominating and Corporate Governance Committee reviews the backgrounds of those candidates, evaluates candidates' independence from the Company and potential conflicts of interest and determines if candidates meet the qualifications desired by the Nominating and Corporate Governance Committee of candidates for election as director.

The Nominating and Corporate Governance Committee is responsible for reviewing with our Board, on an annual basis, the appropriate characteristics, skills and experience required for the Board as a whole and its individual members. In evaluating the suitability of individual candidates (both new candidates and current members) and in recommending candidates for election, the Nominating and Corporate Governance Committee will consider the individual's experience and characteristics. In addition, the Nominating and Corporate Governance Committee will review the overall composition of the Board to ensure there is an appropriate mix of specific experience, qualifications and skills to promote a diversity of points of view for the effective performance of the Board's oversight function and representation of stockholders' interests.

We believe that appropriate director qualifications and characteristics include having directors with diverse backgrounds, education, experiences, expertise and perspectives. These qualifications and characteristics are discussed below.

Key Qualifications and Experiences

- Experience in corporate management, such as serving as an executive officer or other leadership role

for a publicly held company;

- Experience as a director of another publicly held company;
- Real estate industry expertise, including homebuilding, land development, sales, marketing and operations;
- Experience in accounting, finance, capital markets transactions and/or technology;
- Legal, regulatory, human resources and/or risk management expertise; and
- IT and cybersecurity expertise.

Key Characteristics

- High personal and professional ethical standards, integrity and values;
- Strong leadership skills and solid business judgment;
- Commitment to representing the long-term interests of our stockholders; and
- The time required for preparation, participation and attendance at Board meetings and committee meetings, as applicable.

Director candidates recommended by our stockholders will be considered in the same manner as recommendations made by directors, executive officers, outside advisors or search firms. Any stockholder who intends to recommend a candidate to the Nominating and Corporate Governance Committee for consideration as a director nominee should deliver written notice pursuant to Article III, Section 3.1(a) of our Bylaws, to the Secretary of the Company. Any such notice should be delivered by the date required by such section of the Bylaws in order to permit the Nominating and Corporate Governance Committee to complete its review in a timely fashion.

Director Tenure and Retirement Policy

Because of the value the Board places on having directors who are knowledgeable about the Company and its operations, there have been no term limits established for directors. In connection with each director nomination recommendation, the Nominating and Corporate Governance Committee shall consider the issue of continuing director tenure.

Additionally, the Board has determined not to establish a mandatory retirement age for directors. Alternatively, in connection with the director nomination recommendations, the Nominating and Corporate Governance Committee and the Board will review each director's continuation on the Board upon reaching the age of 73 and each year thereafter.

To ensure that directors may appropriately discharge their responsibilities, the Board has adopted the policy that any director (including a management director) who (i) has a significant change in business affiliation or position of principal employment or (ii) experiences a disabling health condition that, in each case, adversely affects his or her ability to perform the essential functions and responsibilities of a director will be expected to tender his or her resignation promptly to the Board. The Nominating and Corporate Governance Committee will make a recommendation to the Board on whether to accept or reject the resignation, taking into consideration the effect of such change in employment on the director's qualification to serve as one of the Company's directors.

Election of Directors

In accordance with our Bylaws, the election of directors requires the approval of a plurality of the votes cast. This means that the seven nominees receiving the highest number of affirmative FOR votes will be elected as directors.

The Board believes that the plurality voting standard continues to be in the best interests of the Company and our stockholders.

Director Independence

Our Board is composed of a majority of independent directors in accordance with the NASDAQ listing requirements. All members of our Board, except Mr. Lipar, have been determined by the Board to be independent. In making this determination, the Board has affirmed that each of the independent directors meets the objective requirements for independence set forth by the NASDAQ listing requirements. The independent directors are Ryan Edone, Shailee Parikh, Bryan Sansbury, Maria Sharpe, Steven Smith, and Robert Vahradian. Mr. Lipar is not independent because he serves as our Chief Executive Officer.

The Independence Standards included in the NASDAQ listing requirements specify the criteria by which the independence of our directors is determined, including strict guidelines for directors and their immediate family members with respect to past employment or affiliation with the Company, its management or its independent registered public accounting firm.

In evaluating and determining the independence of the directors, the Board considered that the Company may have certain relationships with its directors. Specifically, the Board considered that Mr. Smith is the uncle of Mr. Eric Lipar, our Chief Executive Officer and Chairman of the Board. The Board determined that this relationship does not impair Mr. Smith's independence.

Code of Business Conduct and Ethics

We operate under a written Code of Business Conduct and Ethics that applies to all of our employees, officers and directors, including those officers responsible for financial reporting. Upon employment with us and annually thereafter, all employees are required to affirm in writing their receipt and review of the Code of Business Conduct and Ethics and their compliance with its provisions. In addition, we maintain policies that prohibit employee and director hedging of Company securities, including shares of our common stock.

The Code of Business Conduct and Ethics can be accessed under the "Investor Relations" and "Corporate Governance" links on our website at www.lgihomes.com. We intend to satisfy any disclosure requirements pursuant to Item 5.05 of Form 8-K and NASDAQ rules regarding any amendment to, or waiver from, certain provisions of our Code of Business Conduct and Ethics by posting such information on our website.

Stockholder Engagement

Our executive management team actively engages in communications throughout the year with our investors and stockholders of all ownership levels. Generally, these communications involve participating in investor presentations and question and answer sessions at conferences, meeting with investors and stockholders one-on-one and in small groups, and responding to investor and stockholder letters, emails and telephone calls. Management's discussions with stockholders and the investment community address numerous aspects of our business and matters of importance or concern to our stockholders. Observations, questions or comments from our stockholders are generally shared with the Board, so that the Board can then consider these matters as part of its oversight responsibilities.

Environmental, Social and Governance Matters

We are committed to developing, integrating and managing sustainable practices into every aspect of our business and believe that such practices are instrumental to our long-term success.

We build our homes with the goal of affordable sustainability for our customers. Our homes include modern energy-efficiency features like Low-E vinyl windows, programmable thermostats, LED lights, EnergyStar appliances and plumbing fixtures designed to reduce water waste. In 2025, nearly every home we closed featured Energy Star® appliances and WaterSense® fixtures.

LGI Homes is committed to being a people-focused organization and actively promotes a respectful and dignified workplace. We strive to uphold all applicable laws and regulations in the markets where we conduct business and pursue business relationships with external partners who share our commitment to lawful, ethical business conduct. We believe our commitments to hiring, training, safety and employee retention form the foundation of our people-focused culture.

As of December 31, 2025, we employed 1,056 people, of whom 92 were located at our corporate headquarters. Of our employees located outside our corporate headquarters, 622 were on-site sales and support personnel, and 342 were involved with acquisition and development, purchasing, and construction. We have built a diverse team of professionals with a wide range of industry experience across our markets. We are dedicated to supporting our employees when times are challenging. None of our employees are covered by collective bargaining agreements, and we have not experienced any strikes or work stoppages. We believe we have good relations with our employees. Our human capital resources objectives include, as applicable, identifying, recruiting, training, retaining, incentivizing and integrating our existing and additional employees. We offer our employees a wide array of company-paid benefits which we believe are competitive relative to others in our industry.

In 2016, we established the LGI Giving initiative as part of our commitment to give back to our communities. We are committed to improving and giving back to the communities we serve. In addition to ongoing charitable giving, we close all of our offices nationwide for our Service Impact Day once a year. During this annual service event, our focus turns away from sales and home closings as we dedicate the entire day to charitable giving and volunteerism. Every LGI employee spends the day contributing to the local community. From constructing fences and cleaning up parks, organizing food at the food bank, and volunteering at children's centers, we are committed to being a positive presence in the communities we build. Since 2016, we have contributed over \$4.0 million in corporate, non-profit sponsorships and donated over 50,000 employee service hours in an effort to make a meaningful impact in our local communities.

Our ESG practices are regularly monitored and reviewed by our Nominating and Corporate Governance Committee and our Board of Directors. The committee works closely with senior management to establish, manage and monitor ESG policies related to the interests of our employees, customers, trade partners, local communities and investors.

Complaint Procedures for Accounting, Internal Control, Auditing and Financial Matters

In accordance with SEC rules, the Audit Committee has established procedures for (i) the receipt, retention and treatment of complaints regarding accounting, internal control, auditing or financial matters (collectively, "Accounting Matters") and (ii) the confidential, anonymous submission by employees of concerns regarding questionable Accounting Matters. The Audit Committee oversees treatment of complaints and concerns in this area. Additional information regarding our procedures for anonymous reporting can be found under the "Investor Relations" and "Corporate Governance" links on our website at www.lgihomes.com.

BOARD LEADERSHIP STRUCTURE AND BOARD'S ROLE IN RISK OVERSIGHT

Board Leadership Structure

With respect to the roles of the Chairman of our Board and Chief Executive Officer, our Board exercises its discretion in combining or separating these positions as it deems appropriate in light of prevailing circumstances. The Board believes that the combination or separation of these positions should continue to be considered as part of our succession planning process. Currently the roles are combined, with Mr. Lipar serving as our Chief Executive Officer and Chairman of the Board. Mr. Lipar's extensive business knowledge, along with his demonstrated leadership capability through the growth of the Company, makes him highly qualified to continue to serve as our Chairman of the Board and our Chief Executive Officer.

Lead Independent Director

The Lead Independent Director coordinates the activities of the other non-employee directors and performs such other duties and functions as directed by our Board from time to time. The Lead Independent Director presides over all meetings of the independent directors. The Lead Independent Director has the authority to call meetings of the independent directors. Mr. Sansbury currently serves as our Lead Independent Director.

Role in Risk Oversight

The Board is responsible for overseeing our risk management process, but does not provide day-to-day risk management of the Company, which is the responsibility of our executive management team. The Board oversees the implementation of risk mitigation strategies by management to ensure such strategies focus on both general risk management and management of the Company's most significant risks. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters and significant transactions. In addition, each of the Board committees is responsible for risk management concerning its area of responsibility, consistent with its charter, and such other responsibilities as may be delegated to it by the Board from time to time.

The risk management process established and overseen by the Company's executive management team includes centralized corporate review of the market, real estate, financial, and other risks associated with transactions and approval of funds disbursed.

Homebuilding Operations

Land and Lots. Our Acquisition Committee, consisting of our Chief Executive Officer, Chief Financial Officer, and Executive Vice President of Acquisitions and Development, is responsible for our allocation of capital and investment decisions for the acquisition and development of land and lots to support our homebuilding operations. New market expansion opportunities are discussed with the Board. We believe this process adequately manages our risks related to our land and lot acquisitions.

Homebuilding. Our philosophy is to build homes efficiently, leveraging our proprietary systems and processes, even-flow/continuous construction methodology, and offering a set number of floor plans in each community with standardized features. Our experienced local management teams oversee the construction process for the homes we build, with centralized corporate oversight for purchasing, budget variances, scheduling and overall community performance. On a monthly basis, the Board is informed of the monthly home closings by division. At each quarterly meeting, management reviews with the Board, the operating results and home closings by division and market, as well as new markets, new hires, training, and operational issues. We believe this analysis provides the Board with the appropriate information to provide sufficient oversight of our operating risks.

Financing and Liquidity

Our financing and liquidity positions may fluctuate due to changes in the homebuilding industry, our results of operations and home sales demand. The Board oversees financing and liquidity risk by regularly monitoring our financial and liquidity position to ensure we maintain the financial resources needed to fund our homebuilding operations, projected growth, and other financing and operating expenses. At each quarterly meeting, management reviews information related to the Company's financial and liquidity position with the Board, which includes projected short- and long-term liquidity needs, availability under our revolving credit facility and other capital sources. We believe these procedures provide adequate risk oversight of financing and liquidity matters affecting the Company.

Financial Reporting, Internal Control and Regulatory Compliance

Audit Committee Risk Oversight. The Audit Committee provides risk oversight with respect to financial reporting, internal control over financial reporting and related regulatory compliance matters. Each quarter, our Audit Committee discusses with our independent registered public accounting firm its review of our interim financial information and, after our fiscal year-end, discusses its audit of our annual consolidated financial statements, including our procedures on internal control over financial reporting. Also, during the fiscal year, our Audit Committee meets in private session (without the presence of management) with our independent registered public accounting firm to discuss any matters related to the audit of our annual consolidated financial statements and our internal control over financial reporting.

Compensation Risk Oversight. The Compensation Committee provides risk oversight with respect to compensation of the Company's employees, including the NEOs and other key officers. We believe we have established a short- and long-term compensation program that properly incentivizes desired performance and mitigates inappropriate risk-taking.

Succession Planning

The Board is responsible for determining a succession plan for the Chief Executive Officer in the event of an emergency or otherwise. The Nominating and Corporate Governance Committee has been delegated the responsibility to identify and evaluate potential successors, and to report to the Board from time to time on its activities.

BOARD AND COMMITTEE MEETINGS

Board Meetings

During 2025, our Board met five times, including telephonic meetings. In 2025, all directors attended 100% of the meetings of the Board and the committees on which they served. Our Corporate Governance Guidelines state that Board members are invited and generally expected to attend our annual meeting of stockholders. All of our directors attended the 2025 annual meeting of stockholders.

Board Committees

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Each of these committees reports to the Board as it deems appropriate and as the Board may request. The Board has adopted written charters for each of the committees. From time to time, special committees may be established under the direction of our Board when necessary to address specific issues. The information contained in, or that can be accessed through, our website is not incorporated by reference and is not a part of this Proxy Statement.

Audit Committee

Our Audit Committee consists of Mr. Edone, who serves as chair of the committee, Ms. Parikh and Mr. Smith. The Board has determined that the members of the Audit Committee are independent for purposes of serving on such committee under the NASDAQ listing standards and applicable federal law, including Rule 10A-3 promulgated under the Exchange Act. In addition, the Board has determined that each current member of

the Audit Committee meets the NASDAQ listing standards and that both Mr. Edone and Ms. Parikh qualify as an “audit committee financial expert,” as such term is defined in Item 407(d) of Regulation S-K.

The Audit Committee operates pursuant to an Audit Committee Charter, which was approved and adopted by the Board and is posted under the “Investor Relations” and “Corporate Governance” links on the Company’s website at www.lgihomes.com. The duties and responsibilities of the Audit Committee are set forth in its Charter. The Audit Committee’s primary purposes are to:

 - qualifications and independence of the Company’s independent registered public accounting firm;
 - performance of the Company’s independent registered public accounting firm; and
 - review and approval of related-person transactions; and
- prepare an Audit Committee report to be included in the Company’s annual proxy statement.

Further discussion regarding the Audit Committee’s processes and procedures regarding the Company’s audited consolidated financial statements for the fiscal year ended December 31, 2025 and other matters are discussed in the Audit Committee Report in this Proxy Statement. During 2025, all of the Audit Committee’s meetings were attended by representatives of Ernst & Young, our independent registered public accounting firm.

Compensation Committee

Our Compensation Committee consists of Ms. Sharpe, who serves as chair of the committee, and Mr. Sansbury. Each of the members of our Compensation Committee is an independent director under the NASDAQ listing standards, qualifies as an “outside director” in accordance with Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”), and is a “non-employee director” as defined in Rule 16b-3 promulgated under the Exchange Act.

The Compensation Committee Charter has been posted under the “Investor Relations” and “Corporate Governance” links on the Company’s website at www.lgihomes.com. The Charter provides that the Compensation Committee shall assist the Board in discharging its responsibility to our stockholders with respect to the following:

- establishing the Company’s compensation programs and compensation of the Company’s executive officers;
- monitoring incentive and equity-based compensation plans;
- reviewing and approving director compensation; and
- monitoring director and executive officer compliance with the stock ownership guidelines.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Mr. Smith, who serves as chair of the committee, Mr. Sansbury and Mr. Vahradian. Each of the members of our Nominating and Corporate Governance Committee is an independent director under the NASDAQ listing standards.

The Nominating and Corporate Governance Committee Charter has been posted under the “Investor Relations” and “Corporate Governance” links on the Company’s website at www.lgihomes.com. The Nominating and Corporate Governance Committee’s primary purpose is to provide assistance to the Board in fulfilling its responsibility to our stockholders by:

- identifying individuals qualified to become directors consistent with criteria approved by the Board and recommending to the Board the qualified candidates for directorships to be filled by the Board or by our stockholders;
- overseeing the organization of the Board to discharge the Board’s duties and responsibilities properly and efficiently;
- developing and recommending to the Board a set of corporate governance guidelines and principles;
- overseeing the evaluation of the Board and its committees; and

STOCK OWNERSHIP POLICY FOR NON-EMPLOYEE DIRECTORS

In order to evidence the financial alignment of the Company's directors with the interest of the Company's stockholders, the Board has established a stock ownership policy for non-employee directors. Under these guidelines, each director is required to own shares of our common stock that have a fair market value (determined as of each annual meeting of the Company's stockholders) equal to five times (5x) the annual cash retainer paid to the applicable independent director, and each director shall have five (5) years from his or her initial appointment or election to the Board within which to satisfy the foregoing stock ownership policy. The annual cash retainer amount as of December 31, 2025 is \$75,000, which results in a director share ownership requirement of approximately 6,241 shares of our common stock determined as of December 31, 2025, based on average of the monthly closing stock prices of \$60.09, for the preceding calendar year. As of December 31, 2025, each non-employee director was in compliance with the policy.

COMPENSATION DISCUSSION AND ANALYSIS

In this Compensation Discussion and Analysis (“CD&A”), we provide an overview of our executive compensation program and describe the material components of our executive compensation program for our 2025 NEOs, whose compensation is set forth in the Summary Executive Compensation Table and other compensation tables contained in this Proxy Statement. Our 2025 NEOs were:

- Eric Lipar, Chief Executive Officer and Chairman of the Board
- Michael Snider, President and Chief Operating Officer
- Charles Merdian, Chief Financial Officer and Treasurer
- Scott Garber, General Counsel and Corporate Secretary

EXECUTIVE SUMMARY

Due to our culture, customer-centric sales and marketing system, and our systems and processes, we are one of America’s largest home builders and land developers. We provide move-in-ready homes to primarily entry-level homebuyers and have expanded our footprint from 25 active communities in four states as of our initial public offering in November 2013 to 144 active communities in 21 states as of December 31, 2025. Our long-term success depends on our ability to attract, engage, incentivize and retain highly talented individuals who are committed to our systems-based strategy.

Our executive compensation program links the pay of each NEO to such NEO’s performance and advancement of LGI’s overall annual and long-term performance and business strategies.

Other objectives of our executive compensation program include aligning the interests of our NEOs with those of our stockholders and encouraging high-performing NEOs to remain with LGI over the course of their careers. We believe that LGI’s executive compensation program is effectively attracting executive talent, as well as rewarding performance and promoting retention. We also believe that the amount of compensation paid to each NEO reflects the depth of their experience, quality of their performance and level of service to LGI and our stockholders.

2025 Business Highlights

As discussed in our 2025 Annual Report, we continued to execute on our core business model throughout the year, with a focus on operational efficiency, discipline in land acquisition, and a product strategy designed to serve the entry-level buyer. During the year, we continued to invest in people, land, and operating platforms that support our long-term strategy, even as we adapted to near-term market conditions. While revenues and home closings declined year over year, our results reflect our ability to calibrate incentives and product offerings to meet buyers at the most compelling price points in the market. Gross margins moderated year over year, but remained resilient, underscoring the strategic and targeted use of incentives while maintaining an attractive margin profile relative to the broader industry.

As we move into 2026, we do so with resilience, focus, and a deep commitment to navigating the market with the same discipline that guided us throughout our history. Our strategy remains centered on affordability and aligning with today’s homebuyer needs while maintaining the long-term fundamentals that continue to differentiate LGI Homes.

The table below presents our results for each of the three years ended December 31, 2025, 2024 and 2023.

OUR EXECUTIVE COMPENSATION PRACTICES

Below we have highlighted certain executive compensation practices applicable to our NEOs that have been implemented to drive performance, and certain practices we have not implemented because we do not believe that they would serve our stockholders' long-term interests.

What We Do

Pay for Performance - We align annual and long-term incentive opportunities with our annual operating plan, three-year strategic plan, and stockholder interests.

Mitigate Undue Risk - We utilize a mix of elements with multiple performance targets, cap potential payments, provide for statutory clawbacks, generally provide a three-year vesting period for restricted stock awards, and conduct an annual compensation risk assessment analysis each year to validate our belief that our compensation programs will not have a material adverse effect on the Company.

Align Total Compensation with the Median of Similarly- Sized Companies - We position the target total direct compensation levels for our NEOs within the range of the median for the general industry.

Evaluate Total Compensation - We utilize tally sheets to evaluate our NEOs' total compensation program, including short-term incentives and long-term compensation opportunity and to evaluate alignment with our NEO retention objectives.

Independent Compensation Consulting Firm - The Compensation Committee retains an independent compensation consulting firm to provide advisory services.

Reasonable Change in Control Provisions for Equity Awards - We believe we have reasonable change in control provisions for equity awards that generally apply to directors and executive officers in the same manner as the applicable broader employee population. We have entered into Change in Control Severance Agreements with each of the NEOs and certain other officers of the Company.

Stock Ownership Guidelines - We have adopted stock ownership guidelines for our directors and executive officers.

Clawback Policy - We have adopted a clawback policy for incentive compensation paid to current and former executive officers, consistent with the final rules promulgated by the SEC and NASDAQ listing standards.

Modest Perquisites - Perquisites are modest and limited to those that have sound benefit to the Company's business and generally offered to all salaried employees.

Regular Review of Share Utilization - We evaluate share utilization by reviewing overhang levels (dilutive impact of equity compensation on our stockholders) and annual run rates (the aggregate shares awarded as a percentage of total shares outstanding).

What We Don't Do

No Hedging. Our Insider Trading Policy prohibits directors, officers and employees from using strategies or products (such as derivative securities or short-selling techniques) to hedge against the potential decrease of any of our securities, including shares of common stock and equity awards.

No tax gross-ups

No share recycling, stock option reloading or evergreen provisions in our equity plan

No repricing of underwater stock options

No loans

No defined benefit pension plan

How Pay is Tied to Performance

Our executive compensation program directly links the majority of executive compensation opportunity to our financial performance through annual and long-term incentives. The Target Compensation Mix charts below describe each of the compensation elements for the CEO and other NEOs for 2025 as a percentage of total target direct compensation.

Target Compensation Mix

The elements of the NEO compensation program have remained relatively consistent year to year, with target compensation allocated between fixed and variable, cash and non-cash and short-term or long-term components. The Target Compensation Mix charts above include 2025 base salary and award opportunities related to annual and long-term incentive compensation, granted in or with respect to fiscal 2025 and valued at target levels, and do not include any amounts paid with respect to prior years' incentive award grants.

The value of our RSUs and PSUs is directly linked to LGI's stock performance; the settlement value of the PSUs is dependent on our basic earnings per share ("EPS") for the three-year performance period as discussed under "What We Paid and Why - Compensation for NEOs - 2025 LTI Program". Including the annual incentive cash bonus which is dependent on our home closings and financial performance for 2025, these three performance-linked components constitute approximately 85% and 73%, of the total target direct compensation of our CEO and our three other NEOs (on average), respectively.

Philosophy of Our Executive Compensation Program

Our executive compensation program directly links a substantial portion of annual executive compensation to our performance. These plans are designed to deliver highly competitive compensation for superior company performance. Likewise, when company performance falls short of expectations, these variable incentive programs deliver lower levels of compensation. However, the Compensation Committee endeavors to balance pay for performance objectives with retention considerations so that, even during a temporary downturn in the economy and the homebuilding industry, the program continues to ensure that qualified, successful, performance-driven employees stay committed to increasing our long-term value. Furthermore, to attract and retain highly skilled management, our executive compensation program must remain competitive with those of comparable employers who compete with us for talent.

Core Principles

We use the following key principles as the framework for our executive compensation philosophy to attract, develop and retain business leaders to drive financial and strategic growth and build long-term stockholder value:

- **Pay for Performance:** Provide base salaries that reflect each NEO's background, experience, and performance, combined with variable incentive compensation that rewards executives when superior performance is achieved, while subpar performance results in compensation below that of market benchmarks;
- **Competitiveness and Retention:** Provide competitive pay opportunities that attract and retain the highest quality professionals and reward loyalty;
- **Accountability for Short- and Long-term Performance:** Strike an appropriate balance between achieving both short-term and long-term business objectives through compensation awards; and
- **Alignment of Stockholders' Interests:** Link the interests of our executive officers with those of our stockholders through significant equity-based compensation.

Components and Objectives of Our Compensation Program

The Compensation Committee has built our executive compensation program upon a framework that includes the components and objectives listed below. The Compensation Committee routinely reviews each component of the executive compensation program to see how it affects target total pay levels and considers pay ranges for similar executive positions among the median of similarly-sized companies.

	Component	Objective of Element	Description
Annual Cash Compensation	Base Salary	To provide an appropriate base salary mitigating inappropriate risk-taking by providing a fixed and certain level of income, paid bi-weekly.	Base salaries are set at market competitive levels, subject to adjustment for a number of other factors such as merit increases, unique job responsibilities, experience, individual contributions and number of years in the position.
	Annual Cash Bonus - Short-term Incentive ("STI") Compensation	To incentivize and reward performance on key metrics that support the Company's annual operating plan. Promote Pay for Performance in a competitive way. Generally comparable to incentive ranges among the median of similarly-sized companies based upon achieving specified performance goals.	Designed to offer opportunities for cash compensation directly tied to Company performance relative to established performance targets that the Compensation Committee ultimately believes create stockholder value. Annual cash bonus payouts may range from 0% to 200% of the target bonus, based on performance relative to the designated targets. (See "What We Paid and Why - Compensation for NEOs" below.) We pay the annual cash bonus during the first quarter for performance during the prior fiscal year.

	Component	Objective of Element	Description
Long-term Incentive (“LTI”) Compensation	Performance-based Restricted Stock Units (PSUs)	To strengthen alignment with stockholders’ interests, 80% of the LTI is performance-based.	The compensation opportunity under the PSUs has a performance period of three years based on the Company’s cumulative basic earnings per share (“Basic EPS”) over that period compared to the pre-established targets. The PSU payout may range from 0% to 200% of the target amount based on actual results as compared to the target and absolute total stockholder return over the performance period. (See “What We Paid and Why - Compensation for NEOs - 2025 LTI Program” below for a description of the PSU program.)
	Restricted Stock Units (RSUs)	To encourage retention of the management team. Focus executives on multi-year activities that increase stockholder value.	This component provides an additional fixed level of long-term compensation to balance out the incentive-based compensation and to further align executive officers’ interests with stockholder value creation. The RSUs vest on the third anniversary of the grant date.
Retirement and other Perquisites		To provide competitive benefits to protect the employees and their covered dependents’ health and welfare, to facilitate strong performance on the job, and enhance productivity.	Executive officers, including NEOs, are eligible to participate in the same benefit programs that are offered to other salaried employees, including the 401k Plan match, participating in the ESPP, auto allowances for positions requiring frequent travel, short-term and long-term disability coverage, and participation in health and welfare plans. Other limited perquisites are provided to the NEOs; see the Summary Executive Compensation Table below.

How Executive Pay is Established

The Compensation Committee, in consultation with management and the Compensation Committee’s independent compensation consultant, endeavors to align our executive compensation program with our pay for performance philosophy to enhance stockholder value. Since the Company’s initial public offering in November 2013, the Compensation Committee has engaged Meridian Compensation Partners LLC (“Meridian”) as its independent compensation consultant. In 2025, the Compensation Committee evaluated the independence of Meridian and concluded that Meridian was qualified to serve as an independent consultant to the Compensation Committee. In developing our pay for performance policies, Meridian assists the Compensation Committee with benchmarking elements of executive pay against external benchmarks, as discussed below.

Stockholder Advisory Votes on Executive Compensation

In approving the 2025 compensation of the NEOs, the Compensation Committee considered the results of the Say-on-Pay vote held at our 2024 annual meeting of stockholders, which received the support of over 98% of the shares of common stock that voted on the proposal (excluding broker non-votes). The Compensation Committee did not change its executive compensation approach based on the vote. The Board and the Compensation Committee will continue to consider the results of the Company’s Say-on-Pay votes when making future decisions regarding our NEOs’ compensation and related executive compensation programs.

At our 2024 annual meeting of stockholders, we conducted an advisory vote on the frequency of future Say-on-Pay votes, and a majority of the shares of common stock that were voted in favor of one of the three available frequency options (excluding abstentions and broker non-votes) voted in favor of holding future Say-on-Pay votes every year. In light of the results of the vote, the Board determined that we will hold future Say-on-Pay votes every year until we next hold an advisory vote on the frequency of future Say-on-Pay votes at our 2030 annual meeting of stockholders as required under SEC rules.

Compensation Committee Oversight

The Compensation Committee, which is comprised entirely of independent directors, is responsible for overseeing our executive compensation program. The Compensation Committee determines and approves all compensation and payment levels for the CEO and our other senior officers, including the other NEOs and the presidents of our homebuilding divisions.

The Compensation Committee performs an annual review of the CEO's goals and his performance in achieving such goals in each fiscal year and keeps the Board apprised of such evaluations. Our CEO reviews the performance of our other senior officers, including the NEOs (other than himself), and makes recommendations to the Compensation Committee regarding the compensation for those executive officers.

The Compensation Committee, with input from Meridian, determines each element of compensation for the CEO. The Compensation Committee also determines each element of compensation for the other NEOs based on consideration of each individual's leadership qualities, operational performance, business responsibilities, tenure with the Company, current compensation arrangements and long-term potential to enhance stockholder value as well as input from Meridian and the CEO. The Compensation Committee is under no obligation to follow these recommendations. Executive officers and others may participate in discussions with the Compensation Committee when invited to do so.

The Compensation Committee also approves all grants of PSUs, RSUs, cash and other awards under our stockholder approved 2013 Incentive Plan. Further information regarding the Compensation Committee's responsibilities is in the Compensation Committee's Charter, available under the "Investor Relations" and "Corporate Governance" links on the Company's website at www.lgihomes.com.

Use of Peer Group and Survey Data

The Compensation Committee utilized Meridian to identify the appropriate compensation benchmarking sources, to perform an annual benchmarking of our executive compensation and to assess the competitiveness of our executive compensation program.

Meridian provided market data from two sources: (i) a survey of general industry companies of comparable revenue size and (ii) a peer group of publicly-traded homebuilders (see below for a list). The survey of general industry companies reflected approximately 140 companies with revenues between \$1 billion and \$4 billion (median revenues of \$2.4 billion) compiled by Equilar, Inc. The homebuilder peer group consisted of 10 companies with revenues between \$1.9 billion and \$7.4 billion (median revenues of \$4.1 billion). The homebuilder peer group consisted of the same companies used in the prior year's homebuilder peer group, except for the removal of MDC Holdings, Inc. Peer group compensation data was limited to information that is publicly reported and was used to benchmark the major components of compensation for our NEOs, including base pay, target annual bonus opportunity and long-term incentives.

Although the majority of the homebuilder peer group was larger than us, the Compensation Committee considered the Company's relative size, including revenues, total assets, market capitalization, enterprise value, EBITDA, return on equity, return on assets and total shareholder return ("TSR") when reviewing the executive compensation market data. Additional factors contemplated by the Compensation Committee included the Company's 2024 performance, its overall business strategy and business model, its expected growth trajectory and constraints, and the then-current economic environment.

Homebuilder Peer Group			
Beazer Homes USA, Inc.	Green Brick Partners, Inc.	Meritage Homes Corporation	Tri Pointe Group, Inc.
Century Communities, Inc.	Hovnanian Enterprises, Inc.	M/I Homes, Inc.	
Dream Finders Homes, Inc.	KB Home	Taylor Morrison Home Corporation	

As a result of its review of the market data and other factors, the Compensation Committee approved each of our NEO's target compensation levels to align them with the general industry market and the homebuilder peer group in comparable positions, considering our relative size. In addition, the Compensation Committee determined that each NEO's then current target compensation provided the executive with an appropriate compensation opportunity, and placed more emphasis on incentive compensation versus base salary given the Company's future growth goals. The Compensation Committee later determined, based on the Company's fiscal 2025 performance, that each NEO's total fiscal 2025 compensation was appropriate in light of overall Company performance, the NEO's personal performance, and TSR for the performance period.

Other than the services described above and the valuation of the PSUs discussed below at "What We Paid and Why - Compensation for NEOs - Target Compensation Mix - 2025", "2025 LTI Program", and "PSUs", which was approved by the Compensation Committee, Meridian did not provide any other services to the Company.

WHAT WE PAID AND WHY - COMPENSATION FOR NEOs

Target Compensation Mix - 2025

The mix of fixed and incentive compensation elements at target for the CEO and the other NEOs for 2025 is shown in the charts below.

2025 Total Target Compensation by Element

Name	Base Salary	STI	LTI- PSUs ⁽¹⁾	LTI- RSUs ⁽¹⁾	Total
Eric Lipar	\$ 975,000	\$ 1,219,000	\$ 3,315,000	\$ 829,000	\$ 6,338,000
Michael Snider	\$ 650,000	\$ 650,000	\$ 1,200,000	\$ 300,000	\$ 2,800,000
Charles Merdian	\$ 624,000	\$ 562,000	\$ 1,120,000	\$ 280,000	\$ 2,586,000
Scott Garber	\$ 468,000	\$ 281,000	\$ 480,000	\$ 120,000	\$ 1,349,000

(1) Amounts differ from the amounts discussed below at "2025 Grants of Plan-Based Awards" due to rounding.

Base Salary

We pay base salaries to attract and retain talented executives and to provide a fixed base of cash compensation. The table below shows the annual salary of each NEO:

Named Executive Officer	2025 Base Salary	2024 Base Salary	Percentage Increase
Eric Lipar	\$ 975,000	\$ 975,000	— %
Michael Snider	\$ 650,000	\$ 650,000	— %
Charles Merdian	\$ 624,000	\$ 624,000	— %
Scott Garber	\$ 468,000	\$ 468,000	— %

For fiscal 2025 base salary determinations, the Compensation Committee reviewed each NEO's job responsibilities, management experience, individual contributions, tenure and then-current salary, as well as the executive compensation benchmarking data prepared by Meridian.

Annual Cash Bonus - Short-term Incentive Compensation

STI compensation is designed to offer opportunities for cash compensation directly tied to our performance relative to established performance targets that the Compensation Committee ultimately believes create stockholder value. The Compensation Committee approved the 2025 incentive award opportunities described below for the eligible NEOs pursuant to the Annual Bonus Plan, a sub-plan of the 2013 Incentive Plan.

Under the 2025 Annual Bonus Plan, each NEO had an annual incentive opportunity based on the following percentages of base salary:

Named Executive Officer	Annual STI Percentage of Base Salary ⁽¹⁾
Eric Lipar	125%
Michael Snider	100%
Charles Merdian	90%
Scott Garber	60%

(1) These values were unchanged from 2024.

The total Annual Bonus payment to be earned by each participating NEO was based (i) 75% on the pre-tax net income during 2025 as compared to target and (ii) 25% on the number of home closings during 2025 as compared to the target. The payouts could range from 0% - 200% of the target annual bonus amount depending on the results achieved as compared to the threshold, target, and maximum for each measure, calculated and awarded independently, such that one portion of the award may be earned even if the threshold level of performance for the other measure is not achieved. The performance targets and payout terms applied to each NEO based on the Compensation Committee's determination that each is integral to the overall success of the Company.

Pre-tax net income and home closings performance measures and weightings have been used consistently for the Annual Bonus Plan since 2014. In order to set a meaningful target, threshold, and maximum for each performance measure, the Compensation Committee analyzed and considered the Company's growth projections, expected absorption pace by market, lot development schedule, the Company's performance relative to its peer group and the current economic climate. Pre-tax net income and home closings have been published by the Company since 2014 as key measures of our performance. The Compensation Committee believes that they are an appropriate and balanced method for evaluating the success of management and the Company.

In measuring the Company's performance with respect to these financial metrics under the 2025 Annual Bonus Plan, the Compensation Committee had, in its sole discretion, the authority to make equitable adjustments in recognition of unusual or non-recurring events affecting the Company or its financial statements. No such adjustments were made for 2025.

The threshold, target and maximum performance goals, the weighting for the performance metrics, and the payout rate for the 2025 annual bonus, as well as actual fiscal 2025 performance, are as follows (dollars in thousands):

2025 Performance Metric (weighting)	Threshold	Target	Maximum	Fiscal 2025 Actual
Pre-tax net income (75%)	\$ 121,554	\$ 246,572	\$ 311,338	\$ 98,486
Homes closed (25%)	5,500	6,600	7,470	4,788
Annual bonus payout rate	50%	100%	200%	0%

2025 LTI Program

The long-term incentives granted by the Compensation Committee for 2025 were designed to provide our NEOs longer-term incentive opportunities that are competitive with our general industry and homebuilder peer groups and reflect our overall executive compensation philosophy of aligning pay with performance. The 2025 LTI provided for 80% of the target value to be awarded in performance share units (PSUs) and 20% of the target value to be awarded in time-based RSUs with a three-year cliff vest. The target 2025 LTI dollar value for each NEO was set by the Compensation Committee at the following multiples of base salary:

Named Executive Officer	LTI Dollar Value of Base Salary
Eric Lipar	4.3x
Michael Snider	2.3x
Charles Merdian	2.2x
Scott Garber	1.3x

The number of RSUs and PSUs was determined using a \$75.09 stock price (the closing stock price of our common stock on March 7, 2025, the last trading day prior to the March 8, 2025 grant date).

The 2025 LTI RSU and PSU grants to our NEOs were approved by the Compensation Committee under our stockholder approved 2013 Incentive Plan. The RSU grant agreements provide for three-year cliff vesting. The 2025 PSU award agreements provide for cliff vesting at the conclusion of the three-year performance period if threshold performance levels are achieved.

Under the terms of the Annual Bonus Plan and the 2013 Incentive Plan, the Compensation Committee has unilateral discretion and authority to eliminate or reduce, or increase, any award that would otherwise be payable to a participant in recognition of unusual or non-recurring events affecting the Company or its financial statements, or otherwise. Existing executive equity ownership levels are not generally a factor in the Compensation Committee's granting of PSUs and RSUs.

The Compensation Committee has not used annual awards of stock options as an element of employee compensation for our NEOs. We therefore (i) do not grant, and have not granted, stock options in anticipation of the release of material nonpublic information, (ii) we do not time, and have not timed, the release of material nonpublic information based on stock option grant dates or for the purpose of affecting the value of executive compensation and (iii) we do not take, and have not taken, material nonpublic information into account when determining the timing and terms of stock options. As stock options have not been an element of compensation, we do not have a formal policy with respect to the timing of stock option grants, and we did not grant stock options or stock appreciation rights in 2025.

PSUs

The 2025 PSU awards provide the opportunity for participants to receive shares of our common stock based on the attainment of pre-established financial performance targets based on our cumulative Basic EPS amount over the three-year performance period 2025 - 2027. Each PSU granted to participants represents the right to receive one share of our common stock, but the ultimate number of shares of our common stock to be earned with respect to a participant's PSUs will be determined at the end of the performance period depending on actual results as compared to the target performance metrics. Payouts could range from 0% to 200% of the target number of PSUs offered to the participant, depending on the cumulative Basic EPS as compared to target Basic EPS for the performance period.

The terms of the PSUs provide that the payouts will be capped at 100% of the target number of PSUs granted if absolute TSR is negative during the performance period, regardless of Basic EPS performance. The PSUs vest upon the determination date (March 2028) for the actual results at the end of the three-year period and require that the recipients continue to be employed by the Company through the determination date. The PSUs can only be settled in shares of our common stock.

PSUs, which are contingent on the successful completion of both performance-based and time-based requirements before any payout occurs, further strengthen the link between individual pay opportunities and our performance and enhance our efforts to retain key executives.

RSUs

This additional compensation component was added in 2016 to provide an additional fixed level of long-term compensation to balance out the incentive-based compensation. It is designed to encourage retention of the management team. The RSUs cliff vest on the third anniversary of the grant date and can only be settled in shares of our common stock.

The Compensation Committee believes that the long-term equity mix, including PSUs and time based RSUs, helps to ensure that long-term strategic initiatives are not compromised by having executives focus solely on short-term results through the annual incentive award. Such awards also help focus executives on strategies that increase long-term stockholder value.

The 2025 incentive compensation program has similar underlying performance metrics as the programs in prior years and the Compensation Committee has determined that continuing a similar mix of PSUs and RSUs for the 2025 LTI grant was appropriate.

Benefits

Our NEOs are generally eligible to participate in our regular employee benefit programs, which include a tax-qualified defined contribution plan (the “401k Plan”), an employee stock purchase plan, group life insurance, long-term disability coverage, other group welfare benefit plans, and to receive an auto allowance, if applicable. We believe many of these benefits are required to remain competitive with our competitors for executive talent.

We also provide our CEO with reimbursement of club membership dues. Senior executives, including the NEOs, are encouraged to occasionally have their spouses accompany them at business functions in connection with certain business meetings and other corporate-sponsored events, and the Company pays all expenses associated with their spouses’ travel to and attendance at these business-related functions

All employees, including our NEOs, are also entitled to receive a discount on the purchase of an LGI home for their personal residence. We believe this program allows our employees to experience the benefit of home ownership while building loyalty and belief in our Company and our products with little impact on our pre-tax net income.

Severance and Change in Control Benefits

Mr. Eric Lipar, our Chief Executive Officer and Chairman of the Board, has an employment agreement (the “Lipar Employment Agreement”) with the Company. The Lipar Employment Agreement provides for a three-year term that began November 13, 2018 and automatically renews for successive one-year periods on the anniversary of the effective date, a base salary of at least \$840,588 plus a discretionary incentive bonus, and includes provisions that govern confidentiality, non-competition, and non-solicitation. See “Executive Compensation - CEO Employment Agreement” for a discussion of the Lipar Employment Agreement.

In October 2025, the Compensation Committee authorized and approved a change in control plan covering the executive officers of the Company and certain other officers of the Company. In February 2026, in lieu of putting in place a plan, the Compensation Committee authorized and approved the Company entering into Change in Control Severance Agreements (the “CIC Agreements”) with each NEO and certain other officers of the Company. Under the CIC Agreements, the officer party to the CIC Agreement is entitled to a lump-sum payment and a continuation of benefits upon a termination by the Company without cause or such officer’s resignation due to a material change in employment on or within two years following a change in control. Upon a termination by the Company without cause or resignation due to a material change in employment on or within two years following a change in control, Mr. Lipar is entitled to a lump-sum payment equal to three times the sum of his base salary and annual cash bonus (at target), and Messrs. Snider, Merdian and Garber are entitled to a lump-sum payment equal to two times the sum of their respective base salary and annual cash bonus (at target), and each of Messrs. Lipar, Snider, Merdian and Garber is entitled to benefits continuation coverage for 18 months after termination. The Company expects to amend the Lipar Employment

Agreement so that the severance benefits set forth in his CIC Agreement would replace the severance benefits currently included in the Lipar Employment Agreement.

Section 162(m)

Section 162(m) of the Code limits the amount of compensation that may be deducted per covered employee to \$1.0 million per taxable year. Following the enactment of the Tax Cuts and Jobs Act, beginning with the 2018 calendar year, this \$1.0 million annual deduction limitation applies to compensation paid to any individual who serves as the chief executive officer, chief financial officer or one of the other three most highly compensated executive officers for 2017 or any subsequent calendar year, and there is no longer any exception to this limitation for qualified performance-based compensation (as was the case for periods prior to 2018). Thus, it is expected that any compensation deductions for any covered employee will be subject to a \$1 million annual deduction limitation (other than for certain compensation that satisfies the requirements for grandfathering under the law). The Compensation Committee considers the applicability of Section 162(m) in designing our compensation programs but also considers numerous factors that may in some cases lead to the payment of compensation that is not deductible as result of the application of Section 162(m).

Stock Ownership Guidelines

Ownership of our common stock by our directors and executive officers is very important to align their interests with those of our stockholders. The Board has adopted guidelines requiring that our executive officers acquire and continuously hold a specified minimum level of our common stock. Shares owned outright and unvested RSUs are counted towards the ownership level, but unearned or unvested PSUs are not counted towards the ownership level. For our executive officers, we express these requirements as a multiple of annual base salary. The minimum stock ownership requirements by level are as follows:

Stock Ownership Guidelines	
Chief Executive Officer	5X Base Salary
Chief Operating Officer and Chief Financial Officer	3X Base Salary
Other Executive Officers	1X Base Salary

Upon the appointment or election of a new executive officer, that person will be expected to reach full compliance with these requirements by the date that is five years after his or her appointment or election. Until the targeted ownership levels are attained, executive officers covered by this policy are required to retain at least 50% of the shares of our common stock acquired upon the vesting of share-based awards. As of December 31, 2025, each executive officer was in compliance with the policy.

Policy for the Recovery of Erroneously Awarded Compensation

In 2023, the Board adopted a policy for the recovery of erroneously awarded compensation, or “clawback” policy, applicable to executive officers. The policy implements the incentive-based compensation recovery provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 as required under the listing standards of NASDAQ, and requires recovery of incentive-based compensation received by current or former executive officers during the three fiscal years preceding the date it is determined that the Company is required to prepare an accounting restatement, including to correct an error that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period. The amount required to be recovered is the excess of the amount of incentive-based compensation received over the amount that otherwise would have been received had it been determined based on the restated financial measure.

No Hedging of Company Securities

See “Security Ownership of Certain Beneficial Owners - Anti-hedging and Insider Trading Policy” for a discussion of the Company’s anti-hedging policy.

Looking Ahead - 2026 Compensation

Annually, the Compensation Committee approves NEO compensation. The base salaries and incentive compensation programs continue to be similar to previous years as discussed above. In February 2026, the Compensation Committee approved an average base salary increase of 1.6% for the NEOs.

In February 2026, in order to incentivize the attainment of certain performance targets and to ensure retention of certain key officers of the Company, the Compensation Committee authorized and approved retention arrangements with the executive officers of the Company and certain other officers of the Company. Certain officers of the Company and one executive officer (Mr. Garber) will receive a one-time cash payment during the first quarter of 2026. Mr. Garber will receive a one-time cash payment of \$150,000. The other executive officers of the Company (Messrs. Lipar, Snider and Merdian) and one other officer of the Company have their one-time cash payments tied to the Company's Net Debt to Capitalization as of June 30, 2026. The target payment for Messrs. Lipar, Snider and Merdian is \$600,000, \$350,000 and \$300,000, respectively. If the Company's Net Debt to Capitalization as of June 30, 2026 is: greater than 45%, then the cash payment is 50% of target; between 40% and 45%, then the cash payment is 100% of target; and below 40%, then the cash payment is 150% of target. All of the retention cash payments are subject to payback if the recipient voluntarily leaves the Company before December 31, 2026.

In addition, in order to ensure continued focus on the Company's return on equity ("ROE"), the Compensation Committee modified the potential bonus to be paid under the Company's 2026 annual cash bonus plan for all participants in the plan, including Messrs. Lipar, Snider, Merdian, and Garber. Such participants will receive an additional bonus equal to 25% of such participant's 2026 bonus paid under the Company's annual cash bonus plan if the Company's ROE for 2026 is above 10%. ROE for purposes of this potential bonus is defined as the Company's net income for the fiscal year ended December 31, 2026 as reported in the Company's audited Statement of Operations for the fiscal year ended December 31, 2026 divided by the average of the Company's total equity as of March 31, 2026, June 30, 2026, September 30, 2026, and December 31, 2026 as reported in the respective Balance Sheet of the Company for each such date.

Compensation Risk Assessment

The Compensation Committee oversees the Company's executive compensation program and annually reviews the program against the Company's strategic goals, industry practices and emerging trends in order to ensure alignment with stockholder interests. The Compensation Committee believes that our performance-based bonus and equity programs provide executives with incentives to create long-term stockholder value.

As part of this evaluation, the Compensation Committee considers whether the program components encourage or otherwise promote the taking of inappropriate or unacceptable risks that could threaten the Company's long-term value. Based on this review, the Compensation Committee believes that many of the Company's systems and processes are designed to effectively promote the creation of long-term value, discourage behavior that leads to excessive risk, and mitigate the material risks associated with executive and other compensation programs.

These practices with respect to 2025 included the following:

1. Our executive compensation program is designed to include a mix of elements so that the compensation mix is not overly focused on either short-term or long-term incentives.
2. Our executive annual incentive award program is based on financial metrics that are objective and drive long-term stockholder value (including pretax operating income performance and home closings). Moreover, the Compensation Committee attempts to set ranges for these measures that encourage success without encouraging excessive risk taking to achieve short-term results. The Compensation Committee has the absolute discretion to remove any and all participants from the annual incentive award program prior to the end of the year to which the annual incentive award relates and may reduce the amount of the annual incentive award payment, in its discretion, at any time prior to year-end.
3. Our incentive compensation programs do not allow for unlimited payments, and annual incentive award caps limit the extent that employees could potentially profit by taking on excessive risk.

4. Selection of two different types of long-term incentives (time-based RSUs and PSUs) for executives helps to minimize the risk that they will take actions that could cause harm to the Company and our stockholders. The value of the RSUs is primarily based on stock price appreciation, which is determined by how the market values our common stock, and the value of the PSUs is based on cumulative Basic EPS which is objective and drives long-term stockholder value.
5. Longer performance periods encourage executives to attain sustained performance over several years, rather than performance in a single period. PSUs are based on a three-year performance period. Time-based RSUs have a three-year cliff vesting.
6. The stock ownership guidelines described under “Stock Ownership Guidelines” above align the interests of our executive officers with the long-term interests of our stockholders and encourage our executives to execute our strategies for growth in a prudent manner.
7. The Company has a clawback policy applicable to executive officers that requires recovery of incentive-based compensation if the Company is later required to prepare an accounting restatement, as described under “Policy for the Recovery of Erroneously Awarded Compensation”.

Based on its most recent review, management and the Compensation Committee do not believe that the compensation policies and practices of the Company create risks that are reasonably likely to have a material adverse effect on the Company.

- (1) The amounts shown constitute the annual cash bonus program at payouts further discussed under “Compensation Discussion and Analysis - What We Paid and Why - Compensation for NEOs - Target Compensation Mix - 2025”.
- (2) With respect to the PSUs granted in 2025, the estimate of the grant date fair value determined in accordance with FASB ASC Topic 718 assumes the vesting of 100% of the PSUs granted. Assuming the highest level of performance is achieved, which would result in the vesting of 200% of the PSUs granted, the aggregate grant date fair value of the PSUs included for (i) 2025 would be \$6,630,100, \$2,400,000, \$2,240,100, and \$960,100 for Messrs. Lipar, Snider, Merdian, and Garber, respectively, (ii) 2024 would be \$6,630,000, \$2,183,900, \$2,059,500, and \$772,400 for Messrs. Lipar, Snider, Merdian, and Garber, respectively, and (iii) 2023 would be \$6,630,200, \$2,100,140, \$1,920,000, and \$720,100 for Messrs. Lipar, Snider, Merdian, and Garber, respectively.
- (3) The amounts shown include the grant date fair value of the target number of PSUs of 44,148 (\$3,315,073), 15,981 (\$1,200,013), 14,916 (\$1,120,042), and 6,393 (\$480,050), awarded on March 8, 2025, to Messrs. The number of shares of our common stock that may be issued to the recipients for the PSUs range from 0% to 200% of the target amount depending on actual results as compared to the target performance metric. The terms of the PSUs provide that the payouts will be capped at 100% of the target number of PSUs granted if absolute TSR is negative during the performance period, regardless of EPS performance; this market condition applies for amounts recorded above target. The amounts shown reflect the grant date fair value of each such PSU of \$75.09 per share, determined in accordance with FASB ASC Topic 718. See Note 9, “Stock-Based Compensation” to our consolidated financial statements included in our 2025 Annual Report, regarding assumptions underlying valuations of equity awards for 2025. Details regarding equity awards that are still outstanding can be found in the “Outstanding Equity Awards at December 31, 2025” table below.

- (1) Actual non-equity incentive plan payouts for 2025 are discussed under “Compensation Discussion and Analysis - What We Paid and Why - Compensation for NEOs - Target Compensation Mix - 2025”.
- (2) Equity awards granted in 2025 have a three-year cliff vest, subject in the case of PSU awards, to achievement of established performance metrics.
- (3) Restricted stock units have a fair value equal to the closing price of our stock on the date of grant in accordance with the requirements of FASB ASC Topic 718. The grant-date fair value amounts relating to the performance share awards represent the grant-date fair value assuming the attainment of the EPS performance metric over the applicable three-year period. The terms of the PSUs provide that the payouts will be capped at 100% of the target number of PSUs granted if absolute TSR is negative during the performance period, regardless of EPS performance; this market condition applies for amounts recorded above target. The compensation expense associated with the grants of PSU is determined using the derived grant date fair value of \$75.09 based on a third-party valuation analysis provided by Meridian, and expensed over the applicable period.
- (4) The grant date fair value for the March 8, 2025 RSU awards is calculated using the \$75.09 closing stock price on March 7, 2025 (the last trading day prior to the date of grant).

(3) The peer group used to calculate the Peer Group Total Shareholder Return is the S&P Select Industry Index.

(5) Pre-tax net income is the Company's net income before income taxes, which the Company believes represents the most important financial performance metric used to link compensation actually paid to the NEOs to performance and is therefore selected as the Company-Selected Measure for purposes of this pay-versus-performance disclosure.

Relationship Between Compensation Actually Paid and Cumulative TSR

As demonstrated by the following graph, the amount of compensation actually paid to the CEO and the average amount of compensation actually paid to the Non-CEO NEOs have generally aligned with the Company's cumulative TSR over the five-year period presented in the table. With respect to equity awards, the terms of the PSUs provide that the payouts will be capped at 100% of the target number of PSUs granted if absolute TSR is negative during the performance period, regardless of Basic EPS performance. See "What We Paid and Why - Compensation for NEOs - 2025 LTI Program - PSUs" for more information.

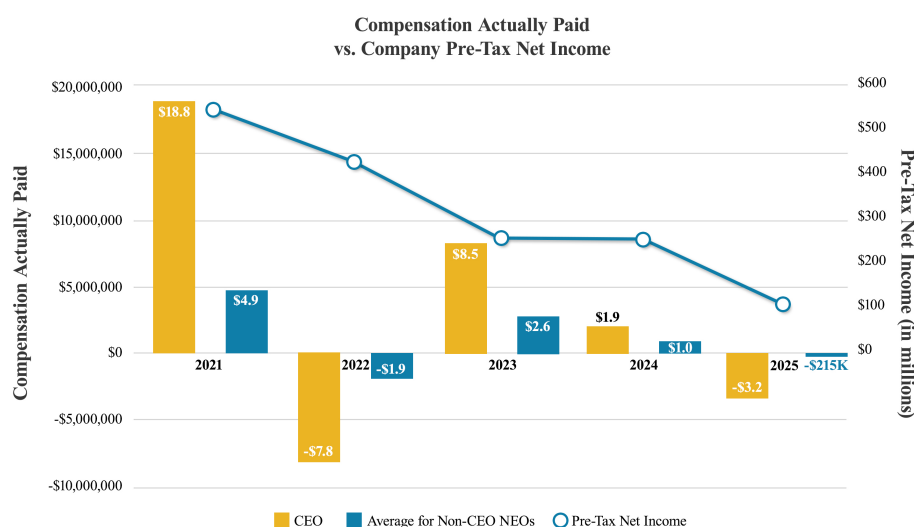

Relationship Between Compensation Actually Paid and Net Income

As demonstrated by the following graph, the amount of compensation actually paid to the CEO and the average amount of compensation actually paid to the Non-CEO NEOs have generally aligned with the Company’s net income over the five-year period presented in the table. While the Company does not use net income as a stand-alone performance measure in the overall executive compensation program, the measure of net income is correlated with the measure pre-tax net income (which is net income before income taxes). As further discussed in the section that follows, the determination as to the amount of the total Annual Bonus payment earned by each participating NEO under the Annual Bonus Plan is significantly influenced by the pre-tax net income generated for the year as compared to target.

Relationship Between Compensation Actually Paid and Pre-Tax Net Income

As demonstrated by the following graph, the amount of compensation actually paid to the CEO and the average amount of compensation actually paid to the Non-CEO NEOs has generally aligned with the Company’s pre-tax net income over the five-year period presented in the table. While the Company uses TSR, earnings per share, home closings and pre-tax net income for the purpose of evaluating performance for the Company’s compensation programs, the Company has determined that pre-tax net income over the long-term is the financial performance measure that, in the Company’s assessment, represents the most important performance measure (that is not otherwise required to be disclosed in the table) used by the Company to link compensation actually paid to the NEOs to Company performance. The Compensation Committee’s determination as to the amount of the total Annual Bonus payment earned by each participating NEO under the Annual Bonus Plan is significantly influenced by the pre-tax net income generated for the year as compared to target. For 2025, 2024, 2023, 2022 and 2021, the total Annual Bonus payment to be earned by each participating NEO was based (i) 75% on the pre-tax net income during the year as compared to target and (ii) 25% on the number of home closings during the year as compared to the target. The payouts could range from 0% - 200% of the target annual bonus amount depending on the results achieved as compared to the threshold, target, and maximum for each measure, calculated and awarded independently, such that one portion of the award may be earned even if the threshold level of performance for the other measure is not achieved. The performance targets and payout terms applied to each NEO based on the Compensation Committee’s determination that each is integral to the overall success of the Company. See “What We Paid and Why - Compensation for NEOs - Annual Cash Bonus - Short-term Incentive Compensation” for more information.

Relationship Between Cumulative TSR of the Company and Cumulative TSR of the Peer Group

As demonstrated by the following graph, the Company’s cumulative TSR over the five-year period presented in the table was \$40.59, while the cumulative TSR of the peer group presented for this purpose, the S&P Select Industry Index, over the three-year period presented in the table was \$179.02.

2025 Key Performance Measures

The table below contains an unranked list of the most important performance measures used by the Company to link executive compensation actually paid to the Company’s fiscal year 2025 performance.

Our CEO to Median Employee Pay Ratio for 2025 was 50:1.

We believe our executive compensation program must be consistent and internally equitable to motivate our employees to perform in ways that enhance stockholder value. We are committed to internal pay equity, and the Compensation Committee monitors the relationship between the pay of our executive officers and the pay of our non-executive employees.

Our CEO to median employee pay ratio is calculated in accordance with the applicable SEC rules and SEC Staff guidance interpreting such rules. We selected December 31, 2025 as the date to identify our median employee, at which time our employee population consisted of 1,056 persons, of which 59% are on-site sales and support personnel. This population consisted of our full-time, part-time, seasonal and temporary employees. To identify our median employee from our employee population, we used employees’ 2025 gross compensation from our payroll records, which reflects all compensation recorded for our employees for 2025, as our consistently applied compensation measure. We annualized the gross compensation for any full-time or part-time employees who were hired in 2025 but were not employed by us for all of 2025. We then ranked the 2025 gross compensation of all employees, excluding the CEO (a list of 1,055 employees), from lowest to highest and identified our median employee.

After identifying our median employee, we combined all of the elements of this employee’s compensation for 2025 in accordance with Item 402(c)(2)(x) of Regulation S-K, resulting in total annual compensation of \$103,539. With respect to the annual total compensation of our CEO, we used \$5,182,051, the amount reported in the “Total” column of our Summary Executive Compensation Table in this Proxy Statement.

Based on this information, the pay ratio of our CEO's annual total compensation to that of our median employee for 2025 was approximately 50 to 1.

We believe that the above pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. In addition, because the SEC rules for identifying the median employee allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Quantification of Termination/Change in Control Payments

We have an employment agreement with Mr. Eric Lipar, our CEO, that will require us to provide compensation for him in the event of specified terminations of his employment or upon a change in control of LGI. In addition, the grant agreements for outstanding equity awards under the 2013 Incentive Plan provide that unvested shares will vest upon a change in control of LGI. We have listed the amount of compensation we would be required to pay to each named executive officer in each situation in the tables below. Amounts included in the tables are estimates and are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts we pay or distribute may differ materially. Factors that could affect these amounts include the timing during the year of any such event, the amount of future bonuses, and the value of our common stock on the date of the change in control. The amounts shown in the tables below assume that the event that triggered the payment occurred on December 31, 2025. All amounts shown represent total payments, except as otherwise noted. We expect to time the payment of all amounts shown to comply with Section 409A of the Code. For discussion of Mr. Eric Lipar's severance benefits and other aspects of his employment contract, see "CEO Employment Agreement."

In October 2025, the Compensation Committee authorized and approved a change in control plan covering the executive officers of the Company and certain other officers of the Company. In February 2026, in lieu of putting in place a plan, the Compensation Committee authorized and approved the Company entering into the CIC Agreements with each NEO and certain other officers of the Company. Under the CIC Agreements, the officer party to the CIC Agreement is entitled to a lump-sum payment and a continuation of benefits upon a termination by the Company without cause or such officer's resignation due to a material change in employment on or within two years following a change in control. Upon a termination by the Company without cause or resignation due to a material change in employment on or within two years following a change in control, Mr. Lipar is entitled to a lump-sum payment equal to three times the sum of his base salary and annual cash bonus (at target), and Messrs. Snider, Merdian and Garber are entitled to a lump-sum payment equal to two times the sum of their respective base salary and annual cash bonus (at target), and each of Messrs. Lipar, Snider, Merdian and Garber is entitled to benefits continuation coverage for 18 months after termination. The Company expects to amend the Lipar Employment Agreement so that the severance benefits set forth in his CIC Agreement would replace the severance benefits currently included in the Lipar Employment Agreement.

In addition, there are change of control provisions in the 2013 Incentive Plan and the PSU and RSU grant agreements under the 2013 Incentive Plan that provide for immediate vesting in the event of a change in control; PSUs will pay out at target. The Compensation Committee believes that the CIC Agreement and the change of control provisions in the 2013 Incentive Plan and PSU and RSU grant agreements thereunder will preserve executive morale and productivity and encourage retention in the face of an actual or rumored change in control.

- (4) Change in Control defined in the CIC Agreement and the 2013 Incentive Plan is deemed to occur if:

 - (ii) A change in the composition of the Board occurring within a one-year period as a result of which fewer than a majority of the directors are Incumbent Directors (as defined in the 2013 Incentive Plan); provided, that any individual whose election or nomination for election by the stockholders was approved by a majority of the then Incumbent Directors shall be considered an Incumbent Director, with certain exceptions; or
 - (iii) The stockholders of the Company approve any merger, consolidation or recapitalization of the Company or any sale of substantially all of its assets where (a) the stockholders of the Company prior to the transaction do not, immediately thereafter, own at least 51% of both the equity and voting power of the surviving entity or (b) the Incumbent Directors at the time of the approval of the transaction would not immediately thereafter constitute a majority of the Board of the surviving entity.

CEO Employment Agreement

The Lipar Employment Agreement provides that, if the Board terminates Mr. Lipar’s employment for Cause (as defined below), if he resigns without Good Reason (as defined below), or in the event of his death, disability or expiration of the term, he will be entitled to receive (i) any unpaid base salary accrued through the date of termination, (ii) a lump sum payment for any accrued but unused vacation pay, (iii) a lump sum payment for any previously unreimbursed business expenses incurred by him on behalf of the Company during the term of his employment, and (iv) any earned but unpaid annual bonus with respect to any completed fiscal year immediately preceding the termination date. If Mr. Lipar’s employment is terminated by the Company for Cause, then any such accrued but unpaid annual bonus shall be forfeited. The Lipar Employment Agreement also provides that, if the Board terminates the Mr. Lipar’s employment for any reason other than for Cause or if he resigns for Good Reason he will be entitled to receive a payment equal to two times his then current annual base salary, along with various other accrued benefits. If, within one year after a Change in Control or within six months prior to a Change in Control, Mr. Lipar’s employment is terminated by him for Good Reason or by the Company other than for Cause, he will be entitled to receive severance benefits consisting of: (i) a payment equal to two times his then current annual base salary; (ii) a payment equal to two times the amount of his target bonus as in effect for the twelve-month period immediately prior to such termination; and (iii) \$32,500 to enable him to fund health coverage continuation benefits, along with various other accrued benefits. Such severance payments will be paid within 45 days following his separation from service. All such severance payments are subject to Mr. Lipar’s execution of a waiver and release agreement. The Company expects to amend the Lipar Employment Agreement so that the severance benefits set forth in his CIC Agreement would replace the severance benefits currently included in the Lipar Employment Agreement.

The Lipar Employment Agreement defines “Cause” as, following written notice to him and his failure to cure such occurrence(s): (i) any act or omission that constitutes a material breach by him under the Lipar Employment Agreement, (ii) conviction or plea which could reflect negatively on the Company, (iii) Mr. Lipar’s misconduct that is injurious to the Company, (iv) Mr. Lipar’s material breach of a written policy of the Company or the rules of any governmental or regulatory body applicable to the Company, (v) Mr. Lipar’s refusal to follow the directions of the Board or (vi) any other willful misconduct by Mr. Lipar which is materially injurious to the financial condition or business reputation of the Company.

“Good Reason” is defined in the Lipar Employment Agreement to include: (i) a material diminution in Mr. Lipar’s base salary or a failure by the Company to pay material compensation due and payable, (ii) a material diminution in the nature or scope of Mr. Lipar’s authority, duties, responsibilities or title, (iii) requiring Mr. Lipar to be based at any office more than 50 miles from his current office location or (iv) a material breach by the Company of the employment agreement, which includes the failure of any successor entity to the Company to expressly assume the Lipar Employment Agreement.

Under the Lipar Employment Agreement and the 2013 Incentive Plan, a “Change in Control” is deemed to occur if: (i) any person becomes the beneficial owner (as defined in Rule 13d-3 of the Exchange Act) of securities of the Company representing 50% or more of the total voting power of the Company; (ii) a change in the composition of the Board occurring within a one-year period as a result of which fewer than a majority of the directors are Incumbent Directors (as defined in the 2013 Incentive Plan); provided, that any individual whose

election or nomination for election by the stockholders was approved by a majority of the then Incumbent Directors shall be considered an Incumbent Director, with certain exceptions; or (iii) any merger, consolidation or recapitalization of the Company or any sale of substantially all of its assets where the stockholders of the Company prior to the transaction do not, immediately thereafter, own at least 50% of both the equity and voting power of the surviving entity.

Additionally, Mr. Lipar is entitled to participate in such other employee benefit plans of the Company that may be in effect and available to Company executives of a similar status from time to time.

Non-GAAP Measures

In addition to the results reported in accordance with accounting principles generally accepted in the United States (“GAAP”), we have provided information in this Proxy Statement relating to adjusted gross margin.

Adjusted Gross Margin

Adjusted gross margin is a non-GAAP financial measure used by management as a supplemental measure in evaluating operating performance. We define adjusted gross margin as gross margin excluding inventory impairments, less capitalized interest and adjustments resulting from the application of purchase accounting included in the cost of sales. Our management believes adjusted gross margin is useful because it isolates the impact that capitalized interest, purchase accounting adjustments, and inventory impairment have on gross margin. However, because adjusted gross margin excludes capitalized interest, purchase accounting adjustments, and inventory impairment, which have real economic effects and could impact our results, the utility of adjusted gross margin as a measure of our operating performance may be limited. In addition, other companies may not calculate adjusted gross margin in the same manner that we do. Accordingly, adjusted gross margin should be considered only as a supplement to gross margin as a measure of our performance.

The following table reconciles adjusted gross margin to gross margin, which is the GAAP financial measure that our management believes to be most directly comparable (dollars in thousands):

	Year Ended December 31,		
	2025	2024	2023
Home sales revenues	\$ 1,705,504	\$ 2,202,598	\$ 2,358,580
Cost of sales	1,351,958	1,669,310	1,816,393
Gross margin	353,546	533,288	542,187
Inventory impairment	6,717	—	—
Capitalized interest charged to cost of sales	45,543	42,071	33,368,000
Purchase accounting adjustments ⁽¹⁾	3,459	4,034	6,492,000
Adjusted gross margin	<u>\$ 409,265</u>	<u>\$ 579,393</u>	<u>\$ 582,047</u>
Gross margin % ⁽²⁾	20.7 %	24.2 %	23.0 %
Adjusted gross margin % ⁽²⁾	24.0 %	26.3 %	24.7 %

(1) Adjustments result from the application of purchase accounting for acquisitions and represent the amount of the fair value step-up adjustments included in cost of sales for real estate inventory sold after the acquisition dates.

(2) Calculated as a percentage of home sales revenues.
